

Visitors' visas are for international travellers who have permanent residence outside South Africa and who wish to visit the country on a temporary basis for tourism or business purposes for a period of 90 days or less.

For people to travel from Nigeria to South Africa, a visa is required. Visas are not issued at South African ports of entry and must be applied for in advance of travelling.

AOW is working closely with DIRCO and the South African High Commission to ensure a streamlined visa process for our Nigerian attendees. To take advantage of this process please submit your application by the 9 September

To take advantage of this process, delegates need to do the following

Register for AOW and obtain an official visa letter

Complete visa application as normal and share their application reference and passport number with the AOW registration team: registration@aowenergy.com

Book accommodation through our official accommodation provider, [iCommodate](#).

Please note details of your accommodation will be shared with us by our accommodation partner to aid in the visa application process

The team at AOW, will then submit these details to the high commission and all visas will be processed in bulk.
