

Dear Runners and Business Friends,

Together with our sponsor UHL and media partner ITJ International Transport Journal we invite you to participate at the:

51TH BUSINESSRUN BREAKBULK AMERICAS IN HOUSTON

This event is a run, not a race. Everybody is welcome.

This run will be opened by Peter Wurschy from Nord-Sud Shipping. Peter is a vetted maritime professional with over 46 years of experience in shipping services with carriers, ship agencies, terminal operators, liner services and an International Oil Company and to many of us both a hero and a dear friend! Peter was formerly a lieutenant commander in the US Navy but is now living in Portugal where he keeps active with a daily 5 km walk along the Ericeira promenade. Peter is a BUSINESSrun veteran & protagonist from the early hour, and will help us launch the first run back in the USA after the pandemic hiatus.

The run starts on 28th of September at 7:30 am. Please come early for warm-up and for greeting your co-runners.

After a warm up exercise conducted by our professional running coach, we will run the Buffalo Bayou Trail in a loop of approximately 4 km and 8 km. There will be a faster group for more ambitious runners, and a slower group for newcomers.

The meeting and ending point is in front of the **George Brown Convention Center**, **Breakbulk America Entrance at 7:15 am** (underneath the BreakBulk logo, in front of the building) where refreshments will be offered at the end of the run. There will be ample opportunity for networking with sponsors and co-runners then.

The participation fee is **USD 50,00** which is donated entirely to the local charity **St. Jude Children's Research Hospital**. St. Jude conducts research on childhood cancer and other life-threatening diseases and offers care and treatments to families in need.

Subject to material availability, our running shirts are made out of OceanWaste plastics.

We look forward to seeing you!

Yours, *Myriam Janssen*, Credo Creations LLC *Nicolai Rehn*, Flensborg and Associates GmbH

After the run, you will receive a listing of all participants for networking purposes. Therefore, please note that your contact data will be shared with your co-runners. Also photos may be used in prints and public media.
