Breakbulk Middle East

Breakbulk Middle East is where relationships begin and new business partners are made. We're proud to have more than doubled in size since 2023. With over 13,000 industry professionals and key decision makers in attendance, this is the perfect place to showcase your brand.

At Breakbulk Middle East, the exhibitor experience goes beyond a stand on the floor, it allows you the opportunity to connect face-to-face with project owners, EPCs, industrial manufacturers and global project forwarders - the people who decide which service providers get the next contract. This is our fastest growing event for all those involved in the development, design and execution of the region's projects specialised in oil & gas, energy, chemicals and infrastructure. By exhibiting at Breakbulk Middle East, you'll have the opportunity to share your services and expertise directly with buyers in a venue designed for making the connections you need to secure new business.

From the moment you confirm your space, our marketing team is on hand to support you and your business. This means the earlier you sign, the more exposure your business will receive across our digital and social channels.
