

## MosBuild 2022 to bring together 800+ exhibitors

Moscow, 15 March 2022

*From 29 March to 1 April 2022, the 27<sup>th</sup> building and interiors trade show MosBuild 2022 will take place at Crocus Expo.*

MosBuild is a key platform in Russia and CIS for manufacturers of building and finishing materials, heads of wholesale and retail companies, and other industry experts. Visitors can find new suppliers, choose building and finishing materials for business, and negotiate cooperation.

In 2022, MosBuild will become the largest building exhibition in the world, bringing together **more than 800 leading companies from 20 countries**. After a 2-year break caused by the pandemic, **more than 150 companies from China** as well as manufacturers from **India and Turkey** will showcase their products. The exhibitors will present not only the bestsellers, but also new products, innovations, and latest developments.

The leading companies like **Benjamin Moore, Tikkurila Color Studio, PALITRA, Stenova, Technolight, IVC, KERAMA MARAZZI, AM Group, Espocada**, and others will take part in the exhibition.

### Exhibition sectors

The exhibition will feature 15 sectors, thus covering all stages of building and finishing works:

- Building materials
- Building equipment and tools
- Facades, roofing, gates
- Ceramics
- Stone
- Panels, moldings
- Wallpaper
- Paints and decorative plasters
- Curtains, Textile, Curtain Rods and Shutters
- Window technologies
- Doors and Locks
- Flooring
- Bathrooms
- Lighting and electrical products
- Kitchen and furniture

### Business programme

These days personal communication and the opportunity to share experience in solving business problems become especially important. Within the business programme, exhibitors and visitors will discuss the most pressing issues of the industry.

**Four content zones** will be organized for the entire audience of the market: manufacturers and suppliers of goods, DIY specialists, designers, and architects. Visitors will be able to speak personally with representatives of the largest companies and industry experts.
