Connecting mining Companies with investors

The 121 Mining Investment global event series connects portfolio managers and analysts from institutional funds, private equity groups and family offices, as well as procurement teams from EV OEM companies with mining company management teams for 1-2-1, private in-person and online meetings.

With each edition featuring two-days of 1-on-1 meetings matching projects to investment capital, conference programmes packed with market intelligence and investment ideas, and participation limited to investment professionals and mining executives, the 121 Mining Investment series offers a highly efficient use of your time and resources.

Our global portfolio currently covers London, New York, Cape Town, Hong Kong, and Dubai, as well as an online edition, throughout the year.

Whether you are an investor looking for exciting new projects, or a mining company hoping to raise capital and make new connections, 121 Mining Investment is THE premier forum to make it happen.

Why attend?

DISCOVER

the universe of new mining projects and find those that align with your investment goals.

CONNECT

with the audience you want to meet; only qualified investors and CEOs of mining companies are able to attend.

ANALYZE

mining projects and the value opportunities they bring, and make strategic business deals to diversify your portfolio against economic risk.

LEARN

from informed economic outlooks on the current and future affairs surrounding minerals and the mining sector.
