(*) When ordering an interpreter, please specify the language you require. Foreign languages: **type 1** - English, German, French, Spanish and Italian; **type 2** – other languages.

Not all languages are available. Only consecutive translation available. Please contact ITE EXPO for more information before ordering an interpreter. In the event of a late cancellation (up to 3 weeks before the start of the exhibition), the company must pay a cancellation penalty of three times the daily cost of the service ordered.

(**) Large stands may require more than one security guard. During the set-up and dismantling of the exhibition, the pavilions may not close at 20:00. Order of security guard service during set-up / dismantling is possible 1 day before and if service is available.

DAILY STAND CLEANING

(prices for the duration of the exhibition)

CAR PARKING PASSES

(prices for the period)

	Quantity	Price	Total EUR
Car Pass for Set-up and Dismantling Period	X	EUR 78	
Car Pass for the Exhibition Period	X	EUR 166	
Car Pass for Set-up, Exhibition and Dismantling Period	X	EUR 183	

The parking pass allows you to park your vehicle in the special area near to the pavilion entrance. The registration number of the car must be entered in the pass. Exchange of passes in case of car number change is not possible.

ATTENTION!

The parking pass does not allow access to the loading/unloading zones.
The parking pass is not valid for promotion and advertising campaigns and for promotion vehicles.

PASSES TO THE LOADING/ UNLOADING ZONE

(prices for the duration of the exhibition)

	Quantity	Price	Total EUR
Pass to the loading/ unloading zone for vehicle*	X	EUR 41	
Pass to the loading/ unloading zone for cargo vehicle*	X	EUR 94	

The paid pass into the loading and unloading zone is valid for one vehicle, without limitation on the number of entries into the loading and unloading zone during the set-up and dismantling.

PLEASE NOTE The time that a car can be present in the loading and unloading zone is limited to 1 hour, while the time limitation for a cargo vehicle is limited to 2 hours. Passes which have been ordered and paid for can be collected from the Organiser's office during the set-up.

Passes are not restored in case of loss.

When the vehicle changes, your pass can be exchanged for a new one on the next day by the manager of the Transport and Logistics Department in the Service Centre of your pavilion.

* **The type of vehicle pass (automobile or cargo) is determined by the type of vehicle specified in the vehicle registration certificate.**

ELECTRICITY

(prices for the duration of the exhibition)

	For space only sites	For equipped stands	Total EUR
2kW	EUR 400	EUR 420*	
5kW	EUR 600	EUR 660*	
10kW	EUR 875	EUR 945*	
20kW	EUR 1380	EUR 1390**	
40kW	EUR 2140	EUR 2200**	

Electricity orders for space only sites include consumption and supply, but not the connection of the stand. Connection of electric supply to stands should be done by exhibitors themselves (or their stand builders) in observation of the Requirements for electrical and technical work and for those carrying it out. Stands must be equipped with a fuse box, and a cable corresponding to the section load (at least 30m in length) must be supplied from the stand to the power source. If the stand builder does not have the necessary fuse boxes or cables, you can order an electricity connection for your stand on this form (see below).

Direct connection of exhibits to power sources in the pavilion (machine tools, industrial items) is allowed if the requirements above are followed. In this case, power supply should be ordered for each exhibit separately. When you order power supply connections for machines and industrial exhibits, it is necessary to specify start-up current. The fuse box must be equipped with protective cutout device according to electro consumption on the stand. Power supply points in the halls are equipped with 16A, 32A, 63A and 125A type ABB electric sockets. Connecting exhibitors' electrical equipment to power supply point's takes place after the insulating resistance of the connected electric circuit has been measured.

*Electro connection order for equipped stands includes supply, consumption and one socket (220V-1kW). Additional sockets, lighting devices etc can be ordered on Form T4.2.

PLEASE NOTE: The maximum possible power consumption through a simple socket is 1kW. The maximum possible power consumption through a heavy socket is 10kW. When you order heavy socket your equipment must have appropriate mate.

**Electro connection order for equipped stands includes supply, consumption but does not include heavy sockets. You should order them using Form T4.2.

When connecting a power consumer with a capacity above 10kW on an equipped stand, or setting up an internal power supply network, you must comply with the conditions for connecting an electricity supply for space only sites (see left).

FUSEBOX AND CABLE CONNECTION FOR STAND

(prices for the duration of the exhibition)

	Quantity	Price	Total EUR
Fusebox and cable connection Up to 10 kW	X	EUR 410	
Fusebox and cable connection Up to 20 kW	X	EUR 530	
Fusebox and cable connection Up to 40 kW	X	EUR 580	

The connection of electricity to the stand includes the installation of a fuse box at your stand and the laying of cables to the mains.

WATER

(prices for the duration of the exhibition)

	Quantity	Price	Total EUR
Cold water connection inside pavilion*	X	EUR 660	
Hot water connection inside pavilion* (available only with cold water connection)	X	EUR 305	
Single fill/removal into a container for 1 m³	X	EUR 200	

*Water connection includes connection of one unit with pipes that have a diameter of 15mm, and cold water intake and drainage pipes 32 mm. Any other pipes or adapters need to be provided by the exhibitor or stand builder. There is a surcharge of € 92 for a connection on the second level of a double decker stand.

Sinks can be ordered on Form T4.2, T4.4 (If you need hot water please order it for a sink). If you have more than 1 item to be connected, please order the according number of connections. There are no water connections available outdoor, only filling/discharging of pools/tubs. Single fill up is made separately to each unit.

COMPRESSED AIR

(prices for the duration of the exhibition)

	Quantity	Price	Total EUR
Compressed air connection, Up to 30m³/ hour (6 bar)	X	EUR 605	
Compressed air connection, Over 30m³/ hour (6 bar)	X	EUR 845	

Pipes have a diameter of 15mm. If you need another diameter you need to bring your own adapter. Compressed air is not available on the second floor of Pavilion 2. If you have more than 1 item to be connected, please order the according number of connections.

INTERNET CONNECTION

(prices for the duration of the exhibition)

	Quantity	Price	Total EUR
Internet 5 Mbit/s	X	EUR 450	
Internet 20 Mbit/s	X	EUR 1070	
Wi-Fi hotspot	X	EUR 375	
Additional IP-address	X	EUR 185	

Your computer must have network board 100 Mb/s.
 Access to the Internet is provided through an Ethernet interface – RJ-45.
 *Wi-Fi hotspots are available for hire. The Wi-Fi hotspots can support up to twenty devices connected at the same time.
 A wired Internet connection with the desired speed must also be ordered in addition to the Wi-Fi hotspot.

More than one computer can be connected provided the corresponding Exhibitors are only allowed to connect more than 1 computer, if they have ordered the corresponding quantity of additional IP addresses and connections.

AUDIO, VIDEO, AND EQUIPMENT FOR PRESENTATIONS

(prices for the duration of the exhibition)

	Quantity	Price	Total EUR
DVD player	X	EUR 35	
Plasma panel, 42" ⁽¹⁾	X	EUR 330	
Plasma panel, 50" ⁽¹⁾	X	EUR 420	
Plasma panel, 60" ⁽¹⁾	X	EUR 505	
Plasma panel, 80" ⁽¹⁾	X	EUR 915	
Seamless video wall 2x2 ⁽²⁾	X	EUR 965	
Seamless video wall 2x3 ⁽²⁾	X	EUR 1285	
Seamless video wall 3x3 ⁽²⁾	X	EUR 1660	
Sound system 150W ⁽³⁾	X	EUR 215	

⁽¹⁾ Price for renting plasma panel includes set of speakers, wall mounted or free standing.

If you need a wall mount for stand equipment, order wall element for fixing the plasma using application form T4.1, T4.3.

Please inform which option of plasma fixing you have chosen. Please let us know what equipment you intend to connect to the plasma panel – DVD or computer.

⁽²⁾ Seamless video wall is implemented in modules ORION 46.

⁽³⁾ For seamless video walls only.

Rental price of video wall include floor – mounted rack. You can ask the technical service manager of ITE EXPO about additional features and specifications of video-wall.

Example configuration 2x2

Example configuration 3x3

Other audio and video equipment not listed on Form T2.2 may be provided upon request.

All equipment should be given after signing certificate of receiving equipment from exhibitor and delivery side. If exhibitor refuses to sign certificate of delivery equipment will be not provided and money will be not returnable.

At the last day of set-up equipment will be delivered at your stand in presence of exhibitor or his representative. Please inform Organiser on-site that you are ready to receive equipment. As usual equipment will be at your stand in 2 hours after you inform us.

If exhibitor is not present at stand on the last set-up day, delivery will be proceed in the morning of the opening day and may take more time.

Exhibitor takes financial liability for equipment and is responsible for returning equipment without any damage.
