

21 November 2018, Wednesday, Conference Hall C

10.30-14.00	Session A – Raw materials and pharmaceutical ingredients
Moderator: Sergey Skvortsov, Elementoorganika (Russia), Managing Director	
10.00-10.25	Registration of participants
Welcome address by organizers	
10.30-11.00	Formulators' options when developing generic formulations Renat Kashapov , Merck (Germany), Account manager Excipients and APIs in Russia and CIS
11.05-11.35	Modern approaches in the use of ingredients for manufacturing of innovative finished pharmaceutical products in Russian pharmaceutical industry Alexandra Voskoboynikova , FPK PharmVILAR (Russia), Deputy General Director for International Economic Activity
11.40-12.10	Carbopol® Polymer for liquid and semi solid formulations Alla Zirko , IMCD (Russia), Business Unit Manager Pharma
12.15-12.45	Masking the unpleasant taste of active pharmaceutical excipients by selecting the right film-coating polymer Nadezhda Romanova , BASF (Russia), Technical Sales Representative
12.50-13.20	From the production of chemical products for the production of API - view novice Yuri Skornyakov , GLOBALCHEMPHARM LLC (Russia), Deputy General Director
13.20-13.30	Discussion
13.30-14.00	Networking break
14.00-17.00	Session B – Technologies and equipment for pharmaceutical production
Moderator: Sergey Grabovski, Partner of De Dietrich Process Systems GmbH (Russia)	
14.00-14.30	Planning of State-of-the-Art API plants - with reference to examples in Western Europe and Russia Dirk Steinhauser , Glatt Ingenieurtechnik GmbH (Germany), Deputy Director of Dresden branch
14.35-15.05	Modern approaches to scale up of biotechnological processes Pavel Gnedekov , Sartorius Stedim RUS (Russia), Application Specialist Fermentation Fluid management
15.10-15.40	Superior drug delivery and increased drug stability Stanislav Fradkin , Rohrer LLC (Russia), General Manager
15.45-16.15	Choice of Upstream Bioreactor Technologies for Industrial Scale Viral Manufacturing Inna Snisarenko , Pall Eurasia LLC (Russia), Biotech Specialist
16.20-16.50	Components and Tubes for Aseptic Applications - Stainless Steel and special Alloys Harry Jost , Neumo (Germany), Deputy Managing Director
16.50-17.00	Discussion & closing remarks

22 November 2018, Thursday, Conference Hall C

10.30-13.30	Session C – Packaging equipment and materials
Moderator: Vladimir Stolypin , Erecton (Russia), Production Director, Ph.D.	
10.00-10.25	Registration of participants
10.30-11.00	Clareo: type II Premium Injection Vials Ekaterina Lysenko , SGD Pharma (France), Sales Manager
11.05-11.35	Irradiated ophthalmic dropper bottles – validation Krzysztof Dabrowski , Gerresheimer Boleslawiec S.A. (Poland), Vice President Sales Central Eastern Europe
11.40-12.10	Serialization and aggregation for pharmaceutical companies: from experience in the field, the most comprehensive and scalable turnkey solution Gianfranco Landolfi , Antares Vision (Italy), Sales Director
12.15-12.45	"Track&Trace" introduction experience in Russian pharmaceutical companies Ravil Gimadiev , JSC Original (Russia), General Director
12.50-13.20	Pack Trends – The recent developments on packaging films Venkat Krishnan , ACG Pharmapack Pvt Ltd (India), General Manager – Export sales
13.25-13.30	Discussion
13.30-14.00	Networking break
14.00-17.15	Session D – Auxiliary processes in pharmaceutical production
Moderator: Oleg Spitsky , Biopharmproject (Russia), Quality System Manager, GMP Expert; State Institute of Drugs and Good Practices (Russia), GEP Department, Specialist; ISPE Member	
14.00-14.30	Electronic document management systems of pharmaceutical quality system (GMP) - requirements, problems and their optimal solutions Irina Osmolovskaya , LexPHARMA (Russia), Head of Department quality systems development
14.35-15.05	New standard for air filters Natalia Lebedeva , Camfil Svenska AB (Sweden), Specialist, branch office in Moscow
15.10-15.40	AOP (Advanced Oxidation Process) – innovation in pharmaceutical wastewater treatment Kirill Cheprak , Petrocommerz (Russia), Chief Engineer
15.45-16.15	Cleanroom Garments & Laundry Tom Juel Andersen , Berendsen (Denmark), Manager, sales & KAM, Cleanroom Northern Europe
16.20-16.50	Experience in the use of integrated solutions for the pharmaceutical wastewater treatment Pavel Savenkov , CJSC "Research and Production Company MEDIANA-FILTER" (Russia), Dip. Engineer of WWTP division
16.55-17.05	The role and importance of special magazines, reference books, pharmaceutical books for improving of the professional level of pharmaceutical technologists and engineers of a pharmaceutical plant on the example of the issues produced by PH "Medical business" Marina Kushnareva , magazine "Pharmaceutical technologies and packaging" (Russia), chief editor
17.05-17.15	Discussion & closing remarks
