RosUpack Connect Leadscanner

RosUpack Connect Leadscanner – innovative digital tool for lead generation which simplifies the achievement of the commercial result of your exhibiting.

RosUpack Connect leadscanner collects a database of visitors to your stand, containing contact information and profile of your potential customer. It allows you to quickly exchange information with potential customers, immediately process data and monitor online the efficiency of the exhibiting.

RosUpack Connect leadscanner simplifies the achievement of the commercial result of your exhibiting:

Save time and collect a ready-to-work database of leads

You don't need to spend time on filling paper forms and collecting business cards – RosUpack Connect will do it for you.

Take a competitive advantage due to efficiency of database processing

Full collected database of leads can be downloaded in one click - and you can make an offer to customers faster than competitors

Increase the loyalty of your potential customers due to the ease of use

Visitors to your stand will appreciate the opportunity to get your materials (catalogs, presentations, price lists) in their personal account, and not to carry these heavy materials all day at the exhibition

Assess the effectiveness of exhibiting and forecast future sales

The obtained database of potential customers will allow you to categorize your customers according to their product interest, company size, etc. You will be able to analyze the demand for your products and build a sales strategy that allows to obtain maximum commercial benefit from participation in the exhibition.

In addition, you will be able to evaluate the effectiveness of the exhibition and each manager's KPI individually and generate reports on the exhibition.
