

Dear participants of the “Weldex/Rossvarka 2021”,

We offer you to use high-quality technical gases produced by Air Liquide to demonstrate the performance of the equipment displayed at your exhibition booths. “Weldex/Rossvarka 2021” will be held in Moscow from 12.10.2021 to 15.10.2021 in Crocus Expo.

Air Liquide is collecting applications for centralized delivery of gas cylinders to the participants of the “Weldex/Rossvarka 2021” exhibition.

Technical Gas	Packaging
ARCAL Force (82% Ar + 18% CO2) TU 20.11.10.005-77290008-2018	Cylinder 50l/200bar
ARCAL Prime (99,998% Ar) TU 20.11.10.005-77290008-2018	Cylinder 50l/200bar
ARCAL Speed (92% Ar + 8% CO2) TU 20.11.10.005-77290008-2018	Cylinder 50l/200bar
ARCAL Chrome (98% Ar + 2% CO2) TU 20.11.10.005-77290008-2018	Cylinder 50l/200bar
LASAL 2003 Oxygen_99,95% TU 2114-001-77290008-2011	Cylinder 50l/200bar
LASAL 2001 Nitrogen_99,999% TU 2014-002-77290008-2011	Cylinder 50l/200bar
Carbon Dioxide _highest grade_99,8% GOST 8050-85	Cylinder 50l/36 kilograms

Gas is provided to exhibitors free of charge. Reducers, hoses and other gas equipment are available for sale only.

Dear participants, we would like to draw your attention to the Operating procedure (<https://weldex.ru/Page/ognevy-e-raboty>). **Please keep in mind when ordering gas cylinders that storage of gas cylinders at the booth in excess of the daily rate is prohibited.** If you order more cylinders than the daily rate, the storage of these cylinders is at your expense.

We organize a centralized cylinder delivery on the last day of installation, **October 11th, from 2:00 pm to 6:00 pm**. Delivery of cylinders from the unloading point to the booth is made by the participant.

Terms of delivery:

Packaging is available for use for the duration of the exhibition. Deadline for applications is **23.09.2021**. When submitting an application, please provide the contact information of the person from your company who will be at Crocus Expo on the last day of installation (October 11). Please send your requests with the name of necessary gases and their quantity to 2 email addresses:
